On which grounds do you consider the document unsound? (if applicable)	Not Justified
Do you consider the Document is Legally Compliant?	Yes
Comment	<p>Draft plans prepared and publicised by the owner of the Orchard Farm portion of this policy, for the development of 100 homes, assume that if approved this portion of the site would have a single vehicle access from Canterbury Road. There would be no footway - this would be provided by a separate pedestrian-only access from Canterbury Road.</p> <p>This is in direct contradiction to the draft policy 4.20 and 4.21.</p> <p>Lack of safe vehicle access to this site means the proposal to develop Orchard Farm independently of the remainder of this site is not deliverable.</p>
What changes do you suggest to make the document legally compliant or sound?	Remove Orchard Farm from the Plan
Do you consider it necessary to participate at the oral part of the examination?	Yes
